All boarders are responsible for cleaning up after their horses and themselves. This includes the riding rings, aisle ways and parking lot.

ARENA RULES

When approaching another rider head on, pass left shoulder to left shoulder . If unsure of the situation, please call “rail” or “inside” etc. so there no misunderstanding.

When passing another rider from behind, please pass on the inside. Please let the rider know you are passing, vocalize “passing on the inside”.

Don't crowd. Don't ride too close to the horse in front of you. You should keep at least one full horses length in-between horses, and at least a couple of feet between horses on the inside and outside tracks. A good rule of thumb, make sure you can always see the back hooves of the horse in front of you. When there are riders working in both directions, leave enough room when passing that horses aren't able to kick or bite each other .

Do not ride side by side.

No more than 10 riders in the arena at one time during open riding.

In an Emergency - Dismount . If a rider falls off, power failure and /or a horse gets loose all riders must dismount.

Keep you voice down. We all verbally cue your horse from time to time. However try to keep your cues quiet when other people are riding nearby. You could accidentally cue their horse.

NO FOUL LANGUAGE OR SWEAR WORDS ARE TOLERATED.

Only instructors or assistants can be on foot in the arenas. No dogs in the arena.

Respect others. While this is always important, you should always be conscientious when someone in the ring is working with a young horse, or a beginner rider, or if they are having problems with their horse.

When you are walking your horse in hand, please give the outside track to the people riding. Walk your horse closer to the middle of the arena so that the riders can stay on the rail. Do not walk on the rail.

Cooling down stay on the inside track and don't block other riders.

When stopping to make any kind of equipment or clothing adjustments, please move out of traffic and do so in the center of the arena out of the way.

Cell Phones can be answered if you go into the nearest corner, out of the way.

Mount out of the way: Mount and dismount in designated area or the center of the arena, not on the track or in front of the ingate

Please look where you are going and where other people are riding. Ride defensively!
If you are not sure vocalize what you are doing.

Close all arena doors/gates when entering or leaving. Also announce when entering arenas to alert present riders.

Always ride safe: Ride In control.

Please ensure that approved helmets and appropriate footwear are worn while riding. No doubling riding.

No lunging in any arenas if there are mounted riders in the arena. Absolutely NO free lunging on the property. Only 2 horses can be lunged in the arena at a time.

All standards and poles must be dismantled and piled in the corner after use.

Leave no trace. Clean up after yourself and your horse when you leave the arena. Don't leave manure, poles, bottles, coffee cups, pop cans, etc. cluttering up the arena for the next person.

Buddy up. It is always a good idea to ride with a buddy in and out of the arena, so that someone is there in case of an accident.

All barns and arenas are closed at 9:00 pm
