MREC Year End Newsletter 2007

What's new for 2008.

With Christmas fast approaching, it won't be long before we are into a New Year.

MREC have decided 2008 will be the year of Education.

What does that mean to you?

MREC is a great base for anyone with young horses, new and young riders as well as riders who just love to come to MREC. Trainers that are just starting out, and seasoned Trainers, getting their clients ready for A Circuit showing.

What we have planned, for 2008 is to give everyone and education in all areas of horsemanship from Course Designing, Hunter Judging walking a Jumper course as well as Vet and Ferrier clinics.

Each show will showcase a particular section of Horse Showing.

Show one we have Chris Brant an EC Course designer who has been designing courses all across Canada as well as the United States. He will come on a specified day and give you a talk on how he designs a course and what you should be looking for when you read that posted course.

A pony is a childhood dream, a horse is an adulthood treasure.

At other shows we will have a Hunter Judge give you a clinic on what they look for when you enter that hunter ring. They will explain how you are judged and what makes one persons ride score higher than an others.

A Jumper Judge will come and talk to you about etiquette and rules pertaining to the jumper ring. A Ferrier will give a clinic on proper care of your horse's feet and what to look for in problem areas.

A Vet will come in and talk to you about colic, proper nutrition, etc.

Each show will have one of these gifted people educate you on their area of expertise. Our web-site will post which shows these clinics will be held at.

Our Goal in 2008 is to help you be better prepared to move up confidently to the next level, A Circuit showing. We welcome any of your ideas on areas you would like to see us cover in our education. Please feel free to drop us an e-mail and we will try and incorporate that into our 2008 Year of Education.

*We wish everyone Happy Holidays
and look forward to seeing you in
2008*
