

MREC NEWSLETTER

January 2008

Volume 2, Number 1

An Exciting Year Ahead

If you want a
stable
friendship, get a
horse.

2008 has arrived and
Horse show Season is just around the corner.

In our last Newsletter we talked about 2008 being the year of Education. Part of that education is the new EC rules that are in place this year regarding the classifications of Horse Shows, and what EC Sport License do you buy?

In the past there have been Parc Shows and A & B circuit Shows. This year it has been changed to Gold, Silver and Bronze.

MREC will be a Bronze Show.

Posted on our web-site is the Competition Levels for your EC Sport License and explains to you what this means.

When there are changes there are always some glitches along the way.

Our goal is to keep you updated when we get any further changes

As mentioned in our last Newsletter, each show will showcase a particular section of Horse Showing.

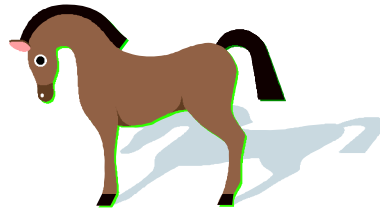

Show one we have Chris Brant an EC Course designer who has been designing courses all across Canada as well as the United States. He will come on a specified day and give you a talk on how he designs a course and what you should be looking for when you read that posted course. We will let you know closer

to the Horse Show which day and time Chris's clinic will be.
We are really looking forward to our clinic with Chris and
hope you will join us to pick his brain and have some fun
too.

Our web-site will post which shows the other clinics will be
held at.

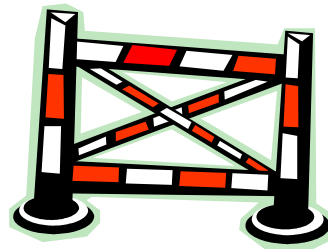

We welcome any of your ideas on areas you would like to see
us cover in our education. Please feel free to drop us an e-mail
and we will try and incorporate that into our 2008 Year of
Education.

We look forward to seeing you soon at our
Welcome Spring Opener in April

Please remember to give us any feedback that you might
think will help us with upcoming events at MREC. We
look forward to hearing your ideas!
